IT IS RECOMMENDED THAT THE BOARD ACTING AS THE GOVERNING BODY OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:

1. Award and authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to execute a construction contract and establish the effective date following receipt of approved Faithful Performance and Labor and Material Bonds and insurance certificate filed by the contractor for Project ID No. FCC0001147 – Tujunga Wash-Tujunga Spreading Grounds Enhancement Project, for excavation and transportation of sediment via a conveyor belt system to Boulevard Pit, mechanical and electrical work including construction of intake weir structure with automated slide gates, and installation of electrical conduits, in the City of Los Angeles, to W.A. Rasic Construction Company, Inc., in the amount of \$19,811,480.10.
2. Delegate to the Chief Engineer of the Los Angeles County Flood Control District or her designee the following authority in connection with the contract: (1) approve and execute change orders within

the same monetary limits delegated to the Director of Public Works under Section 2.18.050 of the Los Angeles County Code relative to the construction of County buildings, (2) accept the project upon its final completion, and (3) release retention money withheld consistent with the requirements of State Public Contract Code Sections 7107 and 9203.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to obtain approval of the project from the Board, acting as the governing body of the Los Angeles County Flood Control District, to award this construction contract, authorize the Chief Engineer of the Los Angeles County Flood Control District or her designee to execute the construction contract, and establish the effective contract date following receipt of approved Faithful Performance and Labor and Material Bonds and insurance certificate filed by the contractor for this project.

On August 4, 2015, Agenda Item 38, the Board approved the project; adopted the plans and specifications; called for bids to be received on October 13, 2015; and instructed the Acting Executive Officer of the Board of Supervisors to advertise the project.

The enclosure includes the project description, the call for bids and bid opening date, a tabulation of bids, and financial information. The certified record of receipt of bids and the original bid proposal are also enclosed for this project.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness/Fiscal Sustainability (Goal 1) and Integrated Services Delivery (Goal 3). Awarding this construction contract will provide improved infrastructure to better serve the public and enhance the quality of life in the affected City.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The construction contract cost of \$19,811,480.10 is included in the Flood Control District Fund Fiscal Year 2015-16.

The enclosure includes the amount of the recommended contract as compared with the engineer's estimate, the other bids received, and more detailed fiscal and financial information.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel. The recommended contract was solicited on an open-competitive basis and is in accordance with applicable Federal, State, and County requirements. The contractor is in compliance with the Chief Executive Officer's and the Board's requirements.

The contract specifications require the work to be completed in 425 working days. It is anticipated the work will start in July 2016 and be completed in August 2018.

The award of this contract will be in full compliance with Federal, State, and County regulations. This contract contains terms and conditions supporting the Board's ordinances, policies, and programs including, but not limited to: the County of Los Angeles' Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the County's Defaulted Property Tax Reduction Program, Los Angeles County Code, Chapter 2.206; Local Business Enterprise Preference Program, Los Angeles County Code, Chapter 2.204; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the District to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the District to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the District to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by each respective contractor was considered before making this recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with the Department of Public Works.

ENVIRONMENTAL DOCUMENTATION

On August 4, 2015, Agenda Item 38, the Board found this project to be categorically exempt from the provisions of the California Environmental Quality Act.

CONTRACTING PROCESS

The contract was solicited on an open-competitive basis in accordance with the provisions of the State Public Contract Code.

The State Labor Code requires contractors to pay prevailing wage rates to all persons employed on construction contracts. These rates are determined by the Department of Industrial Relations and include contributions for fringe benefits such as vacations, pension funds, training, and health plans for each employee.

To further increase contractor awareness of contracting opportunities with Public Works, this project was listed on both the County's "Doing Business with Us" and Public Works' "Contract Opportunities" websites for upcoming bids. Public Works also coordinated with the Office of Small Business to maximize outreach.

Public Works will review and approve the Faithful Performance and payment bonds filed by the contractor.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This construction contract will result in improved infrastructure in the City where the work is scheduled.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Construction Division.

Respectfully submitted,

CALL FOR BIDS DATE: August 4, 2015 (Agenda Item 38)

BID OPENING DATE: October 13, 2015

BID SUMMARY:

Low	W.A. Rasic Construction Company, Inc. 4150 Long Beach Boulevard Long Beach, California 90807 (562) 928-6111	\$19,811,480.10
2	C. A. Rasmussen, Inc.	\$21,032,787.30
3	Griffith Company	\$21,622,612.00
4	Ames Construction, Inc.	\$21,897,041.60
5	Pulice Construction, Inc.	\$22,086,121.00
6	Shimmick Construction Company, Inc.	\$22,767,256.00
7	Myers and Sons Construction, LP	\$32,062,868.55

FINANCIAL INFORMATION:

Amount of estimate, including the consultant services agreement	\$15,984,816.80
Amount of consultant services agreement	\$ 15,000.00
Amount of recommended contract	\$19,796,480.10
Amount of recommended contract and consultant services agreement above the estimate	\$ 3,826,663.30

On August 4, 2015, the Board authorized the Director or her designee to award and execute a consultant services agreement for \$15,000. The amount of recommended contract award of \$19,796,480.10 represents the amount of lowest responsive bid with the cost of the consultant services agreement subtracted from it.

Per a Memorandum of Agreement Between Los Angeles County Flood Control District and Los Angeles Department of Water and Power approved by the Board on July 16, 2013, LADWP is funding the total construction and construction management costs of this project.

A review of the estimate indicates that sufficient price adjustments were not made to certain bid times to reflect the current economic situation with increasing labor, material, and equipment costs. Readvertisement will not likely result in the receipt of substantially lower bids. We recommend award of this contract for the reason stated above.

Sufficient Funds for this project are included in the Flood Control District Fund Fiscal Year 2015-16 Budget

Tujunga Wash-Tujunga Spreading Grounds Enhancement Project

You understand, of course, that any arrangement for the final bond or bonds is a matter between the Contractor and ourselves and we assume no liability to third parties or to you, if for any reason we do not execute said bond or bonds.

Sincerely,
